

## Thanks to you, this year we raised over **\$9.5 million!**

Your generous contributions, whether through The Walk for Muscular Dystrophy, Fire Fighter events, or direct donations have made a tremendous impact on individuals and families affected by neuromuscular disorders across the country.

Funds raised by you continue to support promising research leading to new and improved therapies and ultimately cures. From equipment to emotional support, from advocacy to education, through your generosity, we are on the ground helping individuals and families in whatever way they need.

We thank you for being a part of a community dedicated to providing a brighter future.

You are transforming lives!

**Barbara Stead-Coyle,**  
*Chief Executive Officer*

## Inspiring and empowering lives!

Respiratory care “Seed Grant” program awarded **\$191,067** to **4 new respiratory research projects.**

**More than \$700,000** contributed to the E-Rare research program in collaboration with CIHR’s Institute of Genetics.
